**Here is what I discovered about Kangen water during my battle with Cancer!!!!**

There are no words to describe how it felt when (end of November 08) I was told that I had **Stage 4 throat cancer with 3 months to live**. Shocked and devastated are too mild. It was as if someone had hit me between the eyes with a brick, made me get back up and then hit me again. With **Chemo** (5 different types: **Cisplatin**, **Docetaxel**, **CDDP**, **Taxotere**, **5FU** over a 6 month period) and **Radiation** (32 consecutive days) I would have at best a 50 percent chance of survival. But, I took the long-shot odds with medical treatment. I still had so much to live for.

I started the heavy duty Chemo treatment in January, 2009 and was sick from the onset. The anti-nausea medicine made me so sleepy I couldn't function. I developed severe mouth sores, my hair & beard fell out, I was terribly fatigued, food had no taste and starting losing weight (over the entire treatment period, I lost over 60 pounds.) I was only getting nutrients through a stomach tube and liquids through an IV port.

But I am a fighter and I believe in God's miracles and natural healing, so in addition to Chemo and Radiation, I used prayer, had friends pray and SEARCHED for natural healing products.

**In May, 2009, God gave me the answer through my dear friend, Mr. Ed Johnson**, who researched natural remedies for me. He introduced me to **KANGEN "LIVING" WATER** - used in Japan for over 35 years and now available in the USA!!!

I purchased the SD-501 Kangen ionic water generator (the missing piece to the natural healing puzzle that I was looking for.)

**Within 48-hours after drinking the 9.5 pH Kangen water, my mouth sores were totally gone and for the first time in 6-months, I could eat and drink without using my feeding tube and water port.**

**I stopped all medical treatment in June, 2009** and completely replaced ALL my cancer drugs with Kangen Water.

**December 18, 2009**, I had biopsy surgery (**3 biopsies**) to look for abnormalities and to determine if I had any residual cancer.

While waiting for **my biopsy lab report**, I prayed to the Lord that I would be blessed with good results by the end of the year.

**THE BIG DAY for me was December 30**, when my radiation oncologist, Dr. McGann, who came in on her off-time at 6:30pm (the Lord cut my requested time-frame close), to review my cancer lab report. **The result from the 3 biopsies was absolutely GREAT NEWS; the biopsies showed NO CANCER. The tumor necrosis was 100%!**

Also, since I starting drinking Kangen water in June, I have put on 20 pounds and my energy level is almost 100% back.

Thank you Mr. Hironari Oshiro, Enagic, Kangen water and to my friends and prayer warriors!!!

Yes...I have been blessed with a great friends, doctors, Kangen team members & leaders, Kangen water ....and one Awesome God.

I am cancer free and on a mission to spread the word about Kangen water and Enagic. Please join with me!!!

**There is nothing more important (on earth) to fighting cancer or preventing any other disease than Kangen Water (I AM LIVING PROOF!!!)**

**“NO disease, including cancer, can exist in an alkaline environment.”**

**- Dr. Otto Warberg, 1931 Nobel Prize winner for cancer discovery**

In 1931, Dr. Otto Warberg received the Nobel Prize for discovering the cause of cancer

- this being **acidosis** and **lack of oxygen**.

He showed that cancer thrives in acidic conditions. In other words, the main cause for cancer is acidity of the human body.

No disease can exist in an alkaline environment. Japanese medicine has proven this over the last 20 years.
